

AROUND THE TOWN.

Incidents and Accidents in
and About Yale

Briefly Itemized for Expositor
Readers.

"This spring, we cried, the robins come
But next day froze us, every one.
The weather was in for a little fun,
Twas April first."

Good Friday.

Next Sunday is Easter.

Township Election next Monday.

Herb Gowan has been quite sick the
past week.

The robins are here. Who said they
saw the first one.

E. F. Pratt is building a new barn on
the rear of his lot.

W. R. Saville has been busy this
week painting Grant Holden's new
brick house.

If every man were as big as he
thinks he is, there wouldn't be stand-
ing room in the country.

Having bought more wall paper than
we have room for we will, for the next
30 days, make you bargains of a life
time. Grant Holden.

Remember the Easter Ball at the
Davey House, Brockway, on the even-
ing of April 6th. The celebrated Glass
family will furnish music.

C. A. Wells has an adv. in this issue
calling attention to insurance. Farm-
ers you can save money by calling on
him as he makes a specialty of farm
property.

Susie McKernon, teacher in the 1st
intermediate department, has given up
her position on account of her mother's
ill health and has gone to her home in
Deanville.

Dr. Yuill, of Crosswell, will make
regular visits to Yale Saturday of each
week, and will remain from 10 a. m. to
5 p. m. Calls left at the drug stores
will be attended to. 37tf

Mr. Wilson, of Detroit, Great Deputy
Commander, KOTM, will be in Yale
Tuesday evening, April 7, to give a
school of instruction in Yale Tent. In
Avoca Saturday evening, April 4.

It has leaked out that one of our
highly respected citizens, whose name
does not rhyme with shrub, was treat-
ed on April 1st by a young lady to an
elegant piece of cotton batting pie!

Herb Hennessy has secured a po-
sition as travelling salesman for Chas.
Nevis, wholesale gloves, of Buffalo,
N. Y. Herb has had success in his
sales so far and it is hoped the good
luck may continue.

Jas. O'Rourke, the laundryman,
will be ready for business in the Hart
building next week. This will be an
institution appreciated by our citizens,
as laundry can then be secured on
short notice. Take him your work.

Strayed to the premises of the un-
designed, one mile east of Melvin in
Sec. 28, Spencer, on or about January
1st, 1896, 2 coarse wool sheep. Owner
will please call, prove property, pay
charges and take away. 37tf

W. A. Cavanagh will engage in the
agricultural implement business this
season and will occupy the Gough
building on Main street. He will
handle farm machinery, repairs, bind-
er twine, etc. Call at his warerooms
and inspect his line.

Just as we were going to press
Thursday afternoon we learned of the
death of John Hayes at his home
south and east of here. Deceased has
been a patient sufferer for a long
time, was always of a pleasant dis-
position and his friends will greatly
miss him.

Postmaster Lutz, by permission of
the P. O. Department at Washington,
on Tuesday moved the postoffice to
the corner building where he will
have more spacious quarters. Many
of our citizens were April fooled
Wednesday by looking for the post-
office in its old quarters.

There is a little matter that some of
our subscribers have seemingly for-
gotten entirely. Some of them have
made us many promises, but have not
kept them. To us it is a very im-
portant matter, and it's necessary in our
business. We are very modest and
don't like to speak about it.

Edison is getting it down fine. It
won't be long before the new woman
will be able to photo her lover's heart,
lungs, liver and gall and obtain ocular
evidence of the sincerity of his protes-
tations, view his dyspeptic tendencies
and assure herself of the congeniality
as well as longevity prospects of her
proposed consort.

Died, at the residence of her son, in
Greenwood, on Friday, March 27, 1896,
Sarah Kitley, widow of the late Henry
Kitley, at the advanced age of eighty
years. Mrs. Kitley was the mother of
three sons, James, of Mayville, Nelson,
of Emmet county, and George of
Greenwood. The funeral was held
on Sunday at one o'clock from the
home to the Dunkard church at 2
o'clock.

A counterfeit silver quarter of the
coinage of 1893 has been circulating
quite freely about the state the past
few days. The coin is a very fair imi-
tation of the genuine article, except
for the date figures, which are rather
clumsy. It rings well, but when com-
pared with a good piece the ring is
found to have a hollow sound. It is
slightly lighter than usual. The De-
troit federal officers offer no theory as
to where it came from.

The O. E. S. gave a delightful recep-
tion on Monday evening in their hall
to those who participated in the drama
and those who assisted. Although the
editor and wife were not in either
class, we received an invitation to the
reception and enjoyed ourselves
grandly as it seemed that all did. The
Yale Orchestra rendered some deli-
cious music and J. M. Palmer sang two
songs which were highly appreciated.
A dainty lunch of ice cream, cake,
coffee and fruit was served and the
party broke up about midnight. The
Stars are noted for their social, pleas-
ant ways and one is always certain of
a good time at their entertainments.

A sign of spring—the painter and
paper hangers are busy.

Life is a tiresome journey and when
a man arrives at the end he is all out
of breath.

ever struck Yale has been received at
Grant Holden's. Special bargains for

per" wheels purchased through the
agency of W. H. Harris.

non's north window. It is trimmed
with Pabst Malt Extract, one bottle be-
ing nearly four feet high.

I have several 80-acre pieces of land
and improved farms in Sanilac county
that I would trade for houses and lots
in Yale. 37- B. R. NOLAN.

Foley's Sarsaparilla combines the
most searching remedies scientifically
prepared to extract their utmost value.
If you take a spring blood purifier, be
sore and take Foley's Sarsaparilla.
Trial size, 50c. Grant Holden.

The hen that leaves her nest after a
few days sitting because she does not
hear the chirp of chicks, is something
like the merchant who quits advertis-
ing after the first few "throws" be-
cause his first calls haven't filled his
store with clamoring customers.

Will Palmer, who has been engaged
in Windsor's barber shop for a number
of years, will leave for Cripple Creek,
Colo., the first of next week where he
expects to win fame and fortune. A
new barber from Inlay City will be on
duty in Will's place on Monday next.

Lester Moxley, having sold his farm,
will offer for sale by public auction at
the premises one-half mile south of
Roseburg, on Wednesday, April 8th,
1896, all of his farm stock, implements
etc. Sale to commence at one o'clock
p. m. sharp. W. H. McKenzie, auc-
tioner.

The D. & C. Steam Nav. Co. have
spent \$40,000 on their boats the past
winter and they are as good as new.
The Cleveland boats were put in com-
mission Monday morning and the
Mackinac boats will be placed on the
Lake Huron route as soon as the lakes
and rivers are free from ice.

Instructions have been issued from
the Dominion government to all cus-
tom officers to collect duty on all bicy-
cles taken into Canada if the rider is
going on a trip of any duration and
give receipt for the amount of the duty
collected in order that it may be re-
funded when the wheel is returned to
the United States.

On the first day of April Frank
Mather stepped down and out of the
hardware firm of F. H. Gibbs & Co.
Mr. Mather is an active young business
man and during his short stay in Cole-
man has made many warm friends who
will regret to learn of his intentions.
We are not informed as to Mr. Mather's
future but we bespeak for him an
abundance of prosperity.—Coleman
Independent.

During the winter of 1893, F. M.
Martin, of Long Reach, West Va.,
contracted a cold which left him with
a cough. In speaking of how he
cured it he says: "I used several kinds
of cough syrup but found no relief
until I bought a bottle of Chamber-
lain's Cough Remedy, which relieved
me almost instantly, and in a short
time brought about a complete cure."
When troubled with a cough or cold
use this remedy and you will find it
necessary to try several kinds be-
fore you get relief. It has been in the
market for over twenty years and con-
stantly grown in favor and popularity.
For sale at 25 and 50 cents per bottle
by Will Lennon.

The Monroe doctrine is thus clearly
defined by Bob Burdette: "The Mon-
roe doctrine simply and implicitly de-
clares that no foreign nation shall
come over here and slide down our
cellar door; that England and France
shall not hang on our front gate to do
their courting; that they can't bring
over their own syrup pots and elder
spouts and make syrup in our maple
grove; that Austria and Germany can't
spot no bee-tree in our woods; that
Italy can't cut her fire-wood out of our
hedge-rows; that Russia can't spank
her neighbor's children with our butter
paddle. The Monroe doctrine simply
means that we are the bull of the
woods between two oceans, and that
the man who joins farms with us on
either side had better not move the
line fence until he talks to us about it,
and that he cannot sublet a patch of
his farm to anybody until we are satis-
fied that the new tenant will make a
good tenant for us."

Some millers toll a dozen times,
While others toll a score,
But at the Yale Roller Flour Mills
It's toll'd once and no more;
And if you don't believe it
Just bring a grist to the mill
And they'll prove it true or die.

Allen building, one door south of Fer-
guson & Co's hardware store, Yale. 39

The weather continues variable, not
very spring like as yet. Cold, windy,
with flurries of snow on Thursday
makes one think that winter is with us
still.

The old post office building is being
fitted up for a meat market by Wear
& Campbell, who expect to get in
ready for business the first of next
week.

Dr. Warner Cornell, of the firm of
Drs. Warner & E. A. Cornell, eye, ear,
nose and throat specialists of 229 Hu-
ron Ave., Port Huron, will be at the
Rapley House on the last Friday of
each month. His next visit will be
Friday, March 27th.

A young man who had prolonged his
call his on lady-love rather later than
usual, was surprised when a window
in an upper story was raised as he left
the house and the voice of the mis-
tress of the house called out: "Leave
an extra quart this morning, please."
"Butterine used here" is the sign
that must be displayed in restaurants
and hotels where it is used. Dairy
and Food Commissioner Storrs secured
the conviction of three parties at Jack-
son last week, restaurant keepers, who
furnished their guests with butterine
and oleo-margarine contrary to the
statutory provisions. One was fined
\$25 and costs.

It will be an agreeable surprise to
persons subject to attacks of bilious
colic to learn that prompt relief may
be had by taking Chamberlain's Colic,
Cholera and Diarrhoea Remedy. In
many instances the attack may be
prevented by taking this remedy as
soon as the first symptoms of the dis-
ease appear. 25 and 50 cent bottles
for sale by Will Lennon.

The Discovery Saved His Life.

Mr. G. Caillouette, Druggist, Beavers-
ville, Ill., says: "To Dr. King's New
Discovery I owe my life. Was taken
down with La Grippe and tried all the
physicians for miles about but of no
avail and was given up and told I
could not live. Having Dr. King's
New Discovery in my store I sent for a
bottle and began its use and from the
first dose began to get better, and
after using three bottles was up and
about again. It is worth its weight in
gold. We don't keep store or house
without it." Get a free trial bottle at
Grant Holden's Drug Store, Yale.

After the Grip, What?

Few diseases are marked by such
tedious and unsatisfactory convales-
cence as the one known as epidemic
influenza, in spite of the ordinary
modes of treatment. The patient is
left in a condition of general debility.
He is troubled with Catarrh, headache,
and with slight exposure he is subject-
ed to a relapse, to prevent this and to
cure the Catarrh use Century Catarrh
Cure, Will Lennon.
